BM 60 booklet maker

A compact and user friendly booklet maker for hand feeding.

The BM 60 booklet maker from Morgana, is a compact and simple to use booklet maker for hand feeding.

This machine is able to saddle staple and fold booklets of up to 22 sheets of 80gsm paper, giving up to 88 page booklets. Side and corner stapled documents can also be produced with this versatile machine. Sheets ranging from 60gsm to 250gsm and from SRA3 to A5 can be run to produce A6 to A4 sized booklets. Booklets with loop stapling can also be produced, by simply changing the stapler head.

Various functions are engaged or disengage from the operator panel: manual or automatic mode, stapling off for folding only or folding off for stapling only.

Up to 1800 booklets can be produced per hour on this well proven and sturdy product machine. The BM 60 is a market leader for the hand fed booklet maker segment.

Key product features:

- 1800 booklets per hour
- Saddle staple and fold
- Up to 88 page booklets on 80gsm stock
- Side and corner staple
- Media weight : 60gsm - 250gsm
- Media size : SRA3 - A5
- Booklet sizes from A4 to A6

Morgana Squarefold (Optional)

An option for the BM 60 booklet maker is to add the Morgana Squarefold unit. This unit enhances the booklet appearance by square folding the spine of the booklet to give it a much flatter professional look with the appearance of a perfect bound finish. An added advantage of this finish is in greatly reduced packaging space for the finished booklets, and much easier to trim in a guillotine.

The BM 60 is the ideal machine for various light production environments including small to medium digital printshops and inplant/CRD departments.
